

October 9, 2007

Dear Editor,

I grew up in OPA on Acre Place right next to Ridgeline Golf Course. I have seen the changes to Ridgeline over the years and realized that eventually it would be developed in some way. I have attended several of the Ridgeline Estate meetings and support the project as long as a public arena will be donated back to the community.

My daughter and I use Sully Miller every week. We also take part in the horse shows that are hosted at Sully Miller Arena. I am concerned about the effect the loss of the arena will have on this community and the families who have learned to love Sully Miller Arena. I am willing to stand behind the proposed project as long as it enhances the equestrian lifestyle and quality of living that the homeowners in Orange Park Acres expect.
